

GREAT PUBLIC SCHOOLS MAKE STRONG COMMUNITIES

The Berkeley Public Schools Fund contributes to the success of every student in Berkeley public schools, pre-K to 12th grade. **By funding individual classroom projects and programs across all schools, we help to ensure an extraordinary public education for every child.**

The Spring Luncheon is the Schools Fund's annual fundraiser and a celebration of community support for our public schools. **Join us and the Early Leadership Sponsors in paying tribute to the achievements of our public school community by attending or donating to the Spring Luncheon.**

RISING VOICES, RISING LEADERS

Schools are expected to prepare students for college and career, but how about citizenship? Are schools teaching students the value of community, personal character, responsibility and leadership? Berkeley schools do, and this year we are honoring a teacher and a counselor who have a tireless commitment to “citizenship readiness,” instilling students with their own power to make positive changes, starting within themselves and spreading to their school community and beyond.

Mikko Jokela teaches 7th grade history at Martin Luther King Jr. Middle School. While expanding his students’ knowledge of the past, he urges his students to think about who they are now and who they want to be in the future. By his own example, he teaches the importance of a strong mind, personal discipline and reflection, openness and responsibility to others.

Rosina Keren leads the Longfellow Middle School Counseling and Positive School Culture Program. The counseling team supports students and families through more than 1,000 counseling sessions annually and every student is supported in achieving their personal best through academic and socio-emotional support.
