

Strategic Impact Grants, 2021-22

Budget Considerations

Strategic Impact Grant funds cannot be used to create, expand, or partially fund District positions on a temporary or permanent basis.

If your proposal is going to include hourly pay to BUSD staff and/or subs, please determine the following information and contact Fiscal Services to develop an accurate cost estimate.

- Number of certificated teachers to be paid
- Number of classified staff to be paid, and names if you know them
- What the time will be used for (e.g. training, curriculum development, participation in other activities, etc)
- Frequency and timing of activities (e.g. “teachers will meet monthly for 2 hours per month from January through May”, or “participation in 2-day workshop on 1/10-1/11”)
- How many subs will be needed, and when.
